

WISCONSIN EQUAL JUSTICE FUND

2016 Campaign Results

WEJF, Inc. is the primary source of private funding for three of Wisconsin's pro bono civil legal aid providers: Disability Rights Wisconsin, Legal Action of Wisconsin (LAW), and Wisconsin Judicare. Each year, these programs help thousands of low-income people who are facing life-altering legal challenges. But they are forced to turn away thousands more in need because they lack the financial resources to serve them.

While public funding continues to decline at alarming rates, Wisconsin's legal community recognizes the value of these critical services and supports them generously each year.

PLEASE JOIN US IN THANKING THE LEGAL COMMUNITY FOR ITS GENEROUS COMMITMENT TO PRO BONO LEGAL AID!
